Dear Parents,

Warm Greetings!

"Learning allows us to make sense of the world around us,
the world inside us, and where we fit within the world."

Education is not just imparting knowledge to children or making them literate. Today, education has broadened its horizons and extended its reach and coverage since the ancient times. Indeed, we at D.A.V PPS have come a long way from a stereotyped schooling where learning is no longer confined to the walls of the classrooms. Educational Policies, Methodologies, Technological Compatibility, and the approach to learning for the substantive development of the teacher and the taught are continuously changing. I proudly announce that we are successful at uplifting the spirit and overall development of our students. We believe in experiential learning and provide ample opportunities to our learners to learn from their mistakes. Keeping this in mind and to make children a valued human being 'Annual Academic Planner' has been framed for the students. All the parents are requested to go through this carefully and cooperation is expected from you for the holistic development of your ward.

Regards
Arun Sharma
(Principal)
