Dear Readers

Ciao/ Hola!!

Education breeds confidence. Confidence breeds hope. Hope breeds peace.

With the immense blessings of divine powers and with the constant support of such brilliant, creative, cheerful students and dedicated staff members and much affectionate, benevolent parents, I find each day an adventure filled with new experiences, learning for all, and a chance to constantly widen our horizons. It always gives me a great pleasure to see the sea of smiling faces of children and I must admit that on many days it is the students who make my day a little brighter.

At DAV PPS, the growth of each individual student and staff member is our focus. We believe that as we 'work together and learn together' students will be best able to achieve their potential. We firmly believe that every student can experience success and go on to graduate as a responsible, resilient, and confident young adult, well prepared to take charge of their future and to become a productive member of the community.

Our curriculum and practices are regularly reviewed to ensure that we are following the most updated best practices, meeting all regulations, and addressing the future needs of our students. Our staff consistently follows current trends and after brainstorming over the best plan of action to incorporate those trends. The system of education has become so dynamic that it is no longer enough to connect the dots, we need to think out of the box and think beyond a pattern.

The students at DAV PPS are offered many opportunities to explore their interests and investigate new ideas. We offer many clubs, activities, Sports and a large variety of musical ventures that our students can participate in. Many of our students are involved in a variety of extracurricular activities that allow them the opportunity to grow at their own pace in a safe, nurturing environment. Our list of clubs, activities and other extracurricular offerings are broadened each year with a hope to have something that interests every student.

The students are encouraged to take part in all the internal and external events and are given enough guidance and practice before being exposed to the competitions.

“If you cannot do great things, do small things in a great way!!”

God bless you all!

Thank You
