Dear Readers

**Ciao!!**

**"Education helps us to get exposure to new ideas and concepts that we can use to appreciate and improve the world around us and the world within us"**

I am overwhelmed and thrilled to welcome you to the 2023-2024 academic year. This is my proud sixth year as the Principal of D.A.V Police Public School. The past few years have been full of challenges for all of us. I am so grateful for the hard work, flexibility, determination and patience of our parents and staff, who worked together so creatively and supported our students. Despite the challenges we faced last year, we saw a lot of academic and overall growth at our institution, and I could not be prouder.

Strong family engagement has always been a critical part of student success at D.A.V Police Public School. Most of the people prefer sticking to the daily routine, whereas others always push their boundaries to the change the status quo as they believe that the change would bring more benefits. In my opinion, I certainly agree to step outside of comfort zone and try new things. My dedicated staff and students accepted the positive changes, and they were fruitful too.

Dear parents, it is also important to stay informed about what your child is learning. Your child's teacher will keep you updated, but you can reach out to share if you notice your child is struggling with the content or to discuss strategies for practicing at home. Another important way in which you can support your children is through encouraging good attendance. Students should be at school on time every day and avoid missing school as much as possible.

We continually seek ways in which to better serve our students and community. We are excited for you to be a part of our school and share your ideas and talents with us.

**"An investment in knowledge pays the best interest.**

**Thank you  
Have a great year ahead!!**
